INDEX

Algae, depression of primary productivity by PCB 14
effects of chlorinated naphthalenes on 297
Amphibians, toxicity of N-phenylnaphthylamine to 503
Analysis, determination of Terbacil by GC 83
direct mass spectrometric analysis of organochlorines in water 624
loss of paraoxon on extraction 247
of persistent organochlorines in human tissues 581
of photolysis products of hexabromobiphenyl 726
of piperazine from Triforine 184
of water soluble gasoline fractions 308
simple preparation of desmethylorganophosphates 326
Antiozonant, protection of plants with 734
Arsenic in wine 227

Bacteria, effects of pesticide seed treatments on 190
tests of nitrifying and denitrifying in sewage sludge 558
Bees, selenium in pollen gathered by 442
Bioassay of sediment from Great Lakes 159
Birds, organochlorines in brown pelican 331
prolonged retention of methylmercury in 393
redistribution of DDE in starved hawks 317
Blood, lead levels in, of New Zealand animals 595

Cadmium and other metals in freshwater macroinvertebrates 345
effect of exposure and withdrawal in mice 74
effect on nitrifying bacteria in sludge 350
Catalytic dechlorination of Lindane 57
Cations, influence on chlorine toxicity 131
Cell culture, assay for quality of water from oil refineries 683
bisulfite and primary chick embryo fibroblast in 783
Cholinesterase, estimates of variability in assay of 89
Crab, molting as influenced by PCB & PCDBF 138
Crustaceans, size effect on toxicity of mercury to 573

DDE, redistribution in starved sparrowhawks 317
DDT, effect of thyroxine on metabolism in rat 322
residues in birds one year after use 115
Degradation of benomyl and products 285
Detregents, design of in-use tests of germicidal 486
1,2 Dichloronaphthalene metabolism in rats 177
Dislodgeable dust,determination on foliage 787
residues of zolone in vineyards 219
Dimethylphthalate utilization by bacteria 104

Dioxins, electronacceptor properties of 611
tumor initiation in mice by 552

Ecosystem, distribution of PCP in freshwater 251
Enzymes,estimates of variability os assay of 89
EPN, stereospecificty of toxicity of isomers 534

Fish,avoidance of pulpmill effluents by 521
bioaccumulation in 766
comparative PCB metabolism in species of 631
effect of fuel oil, on feeding of 170
effect of subacute parathion exposure on 259
effects of herbicides and pesticides on 361
hepatomas in marine 1
influence of pulp mill effluents on 602
Kelthane toxicity in grass shrimp 674
mercury in Persian Gulf shrimp 779
methyl mercury effects on catfish 143
organochlorine residues in 697
reference toxicant for estimating oyster larvae quality 719
toxicities of herbicides to 267
toxicity of pyrethroids to juvenile salmon 35
silver salts and tissue respiration in 401
Fluoride, absorption by plants from perlite 366
Fuel oil, effects on fish feeding activity 170

Haloorganics in New York state drinking water 436
Herbicides, mutagenicity of MCPA and metabolites 565
persistence in soil 210
and pesticides, effects on fish 361
picloram residues in right-of-way 617
toxicity to catfish 267
Hormones, effect of pesticides on levels of 231
Hexabromobiphenyl, GLC of photolysis products of 726

Lead, effect on calcium metabolism 303
in human lungs 734
levels in New Zealand domestic animals 595
Leptophos, pharmacological aspects of exposure to 640

MCPA, acute and subchronic effects in rats 152
Mercury, effect of size of crayfish on toxicity of 572
levels in human hair, blood and milk 205
uptake and concentration in food chain 409
Metals, accumulation in lake sediments 77
competitive adsorption of 340
effect of lead on calcium metabolism 303
effect of lead on NTA tissue levels 462
effects on Acanthamoeba 29
effects on nitrifying organisms in sludge 350
in macroinvertebrates 345
in plankton from New York waters 3

78 32AA 2 013 1 S 2385
QUALITY CONTROL MARK

Metals, (contd.)
in six clam species 492
lead in embryo's from exposed mice 271
lead levels in human lungs 734
microbial effects on in water and sediment 99
mercury in Persian Gulf shrimp 779
silver salts and tissue respiration in fish 401
trace, in two shellfish 512
Methylmercury, acute effects on catfish 143
retention in mallard drakes 393
Mice, accumulation and elimination of biphenyls in 452
clearance and tissue distribution of PCB's in 61
effects of cadmium exposure on 74
effects of PCB's and dioxins on tumors in 552
lead in embryos from pregnant 271
tumors produced by crude oil from beaches 385
Microorganisms, accelerated degradation of parathion 48
activity and nitrogen mineralization affected by silage 96
effect of methoxychlor in periphyton 370
effects on metal ions in water 99
effects of surfactants on red tide 291
utilization of dimethyphthalate by 104
Microsomes, binding of dioxins by 9
Milk, tetrachlorobenzodioxin in bovine 123
Mirex, effects of food deprivation on 278
metabolite in monkey 425
Mutagenicity of MCPA and soil metabolites 565

Neoplasms, hepatomas in marine fish 1

Organochlorines, bioaccumulation of chlorophenols 663
catalytic dechlorination of lindane 57
direct mass spectrometric analysis in water 624
effect of dieldrin on lysosomes 617
effect of parathion on fish 259
effects of chlorinated naphthalenes on algae 297
effects of methoxychlor on periphyton 370
endrin intoxication in rats 355
excretion of DDMU in quail 758
in brown pelicans 331
Organophosphates loss of paraoxon on extraction 247
persistence of on concrete 18
preparation of desmethyl 326
Ozone, protection of plants with antiozonant 734

Parathion, degradation accelerated by bacteria 48
persistence of residues on concrete 18
PCB, comparative metabolism in 3 fish species 631
depression of primary productivity by 14
effects on acanthamoeba 29

PCB (contd).
influence on molting of crab 138
inhibition of tumor growth in rats fed 243
PCB & PCBF, influence on serum protein in rats 773
PCNB, identification of residues in field crops 691
PCP, distribution in freshwater ecosystems 251
Perchlorinated biphenyls in mussels and sediment. 588
Pesticides, effects on hormone levels 231
effects on Acanthamoeba 29
Piperazine, analysis of, from Triforine 184
Plankton, metals in from New York waters 3
Pollutants, removal of amine, by chloramine T 26
Polychlorodibenzofurans, tissue distribution in mice 61
formation in Ullman reaction 200
in PCB and Yusho oil 67
influence on crab molting 138
Pulpmill effluents, avoidance by herring of 521
effects on fish 602
Petroleum, analysis of water soluble gasoline fract. 308
effect of fuel oil on fish feeding 170
tumor production in rats treated with 385
Pyrethroids, toxicity to juvenile salmon 35

Rats, acute and subchronic effects of MCPA in 152
effect of thyroxine on metabolism of DDT in 322
food deprivation in mirex exposed 278
inhibition of tumor growth in by PCB 243
pharmacological effects of Leptophos in 640
toxicity of endosulfan to 378
Residues, calculations: one leaf, two sides 497
foliar and worker reentry 649
of Triforine in barley 742
post application slough off from trees 711

Sediments, accumulation of heavy metals in lake 77
bioassay with Great Lakes organisms 159
Selenium in pollen gathered by bees 442
Shellfish, trace metals in two species of 512
Sludge, effects of metals on bacteria in 350
Soil, deposition of pesticides on, by spray drift 706
persistence of Akton in 499
Surfactant effect on red tide organisms 291

Terbacil, determination by GLC with ^{63}Ni detector 83
Toxicity, influence of cations on chlorine 131
of dihydroabietic acid 42
of pyrethroids to juvenile salmon 35

Water, screening for halocarbons in New York 436
Worker reentry, determination of dislodgeable dust 787
soil residues 656
foliar residues 649
Zolone residues in vineyards 219
